Very Important notes:

- a) To update your Em2-Server instance to the **2.0.0. Major release** you need to mandatorily install:
 1. [Release 1.19.0 - first](#)
 2. [Release 2.0.0 - afterwards](#)
- b) Due to mandatory system requirements, it could happen that very old Em2-Server instances are not compatible with the 2.0.0 package, therefore the new **BILLING SIMULATION** function could not be available after the upgrade. In that case, you will be notified by an Em²-Server message.
